ReportGenerator

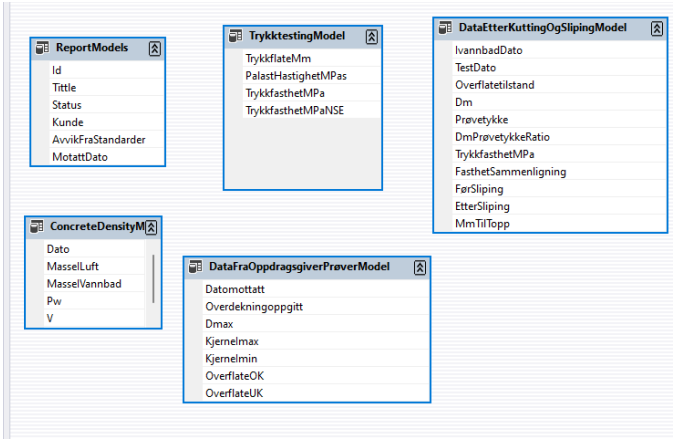

TableFormpage

```
[RelayCommand]
2 references
private async Task Delete()
{
    ErrorMessage = null;
    IsDeleting = true;

    try
    {
        await ReportStore.Delete(ReportModel.Id);
    }
    catch (Exception)
    {
        ErrorMessage = "Failed to delete. Please try again later.";
    }
    finally
    {
        IsDeleting = false;
    }
}
```

AfterUsingToolkit

CreateDatatableinDataSet

```
12 references
public DateTime? BirthDate
{
    get => _birthDate;
    set
    {
        if (_birthDate != value)
        {
            _birthDate = value;
            OnPropertyChanged(nameof(BirthDate));
        }
    }
}
```

Before using the community toolkit

```
1 reference
public ICommand DeleteCommand { get; }

1 reference
public ReportListItemVM(
    ReportModel reportModel,
    ReportStore reportStore,
    ModalNavigation navigationStore)
{
    ReportModel = reportModel;
    EditCommand = new OpenEditCommand(this, reportStore, navigationStore);
    DeleteCommand = new DeleteReportCommand(this, reportStore);
}
```
